

HILBER FRAIESE

FULL STACK DEVELOPER

PROFESSIONAL SUMMARY

I am a well-qualified Full Stack Developer familiar with wide range of programming utilities and languages. Knowledgeable of backend and frontend development requirements. I can handle any part of the process with no difficulties. I am a collaborative team player with excellent technical abilities offering over two years of related experience. I am passionate about new technologies and learning to apply them.

WORK HISTORY

Full Stack Developer, 10/2021 to current Econocom, Mexico, Mexico City

Creation of APIs, end to end, and microservices for the integration of different projects.
Design and creation of Database, relational and non-relational.
API deployment in AWS or Azure.
Conducting tests through Jest and Cypress
